DESIGN & DÉCOR

Redesigned in late 2018 by acclaimed architect and designer Amanda Sullivan, the hotel's new look features calming shades of spring green, deep blue accents, rich dark wood finishes, and neutral wall tones help to create a peaceful, pleasing ambiance while design accents such as throw pillows, decorative mirrors and ottomans provide an upscale and home-like feel.

A new art installation by famed mural artist Tony “Rubin” Sjöman was brought to life in July 2019. The large-scale mural spans the entire back wall of the property and provides a lively backdrop for the hotel’s ground floor Patio Suites. Rubin continued the mural on the hotel’s garage door which faces East 64th Street, allowing the community to enjoy one of the only examples of street art in Manhattan’s Upper East Side.
